After staff training, the counselors will be commissioned at a short service to be held at Camp Stoney Friday afternoon, June 1, at 5:00 PM. Everyone is welcome to join us!

## Nurses still needed

We are still looking for nurse volunteers to join us for a week or more this summer. What this entails is coming out to our beautiful location, enjoying the peaceful solitude of Cheryl's cottage all to yourself, and eating in our diningroom for every meal. The main responsibility is to be on call for emergencies and to hand out medications several times a day. If you have a week to give, call Esther-Marie Nagiel at 505-795-3400.

## Online registration makes it easy

If you have been thinking about coming to Camp Stoney this summer, or sending your child to camp, it is not too late. We take registrations up until the day a particular camp starts. And, you can register and download all forms from our website:

[www.campstoney.org](http://www.campstoney.org).

We update our website regularly and have added a page called Parents Page. You can go there and get answers to your questions about policies, what forms are needed, and online registration. Let us know if we can make it easier any way.

## Prayer Needs

- Thank God that we have the number of counselors we need. Ask Him to give them strength and patience for work He has called them to do.
- Thank God for booking our traveling day camp team. Pray for the staff engaged at this new venture—for strength and wisdom, and for the parishes involved—St. John's Farmington, St. Pauls/Peace, Las Vegas, St. Clement's, El Paso, and the military base in Alamogordo.
- Thank God for our deans who have worked all year on curriculum for Narnia, Lord of the Rings, Harry Potter, and Puppet Ministry camps. Bring to camp, the children and youth who most need to meet Jesus this summer, and provide scholarships for those who need them.
